

**BAD BREATH**

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. E. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 50c.

## OUCH! LAME BACK RUB LUMBAGO OR BACKACHE AWAY

Rub pain right out with small trial bottle of old "St. Jacobs Oil."

Kidneys cause Backache? Not! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain and the quickest relief is nothing penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from our druggists and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

## BLUE SKY STARS URGED FOR DISTRICT CITY CLUB LAW AND LEGISLATION Group Will Seek One From Congress.

Declaring that Washington offers a perfect harvest for promoters of fraudulent stock schemes, the Law and Legislation Group of the City Club, at a meeting last night at the clubhouse, decided to urge upon Congress the enactment of a "Blue Sky" law for the District.

The executive committee of the group was directed to make a thorough study of the "Blue Sky" laws of various States, particularly New York, Illinois, and North Carolina, and to frame an ideal law for the District.

"Washington offers a perfect harvest for persons selling fictitious stocks," said Alexander Wolf, chairman of the group, who presided. "The District is without a law for the protection of investors, and as a result thousands and thousands of dollars are lost here through the purchase of worthless stocks."

## NO TALKING RULE LAID DOWN IN WAR DEPT.

"Is it official?" That is the burning question among the laborers of the State, War and Navy Building today. For, by an order promulgated today by W. W. Hoover, assistant to the superintendent of the building, they are not allowed to converse unless it is on official business on penalty of suspension for one day with loss of pay for the first offense.

The order reads as follows: "Laborers are not permitted to converse during working hours except on official business (which must be proven in each case). For the first violation, the guilty employee will be suspended one day without pay. Subsequent violations will be dealt with as circumstances warrant."

## YANK DIES ON RHINE.

One more casualty in the American Army of Occupation in Germany was reported to the War Department in the person of George K. Bettis, a private in the provost marshal's department, who entered the army from Atlanta, Ga., and who died November 9, at Coblenz.

## HOMEBREW MAKERS WON'T BE DISTURBED

Revenue Bureau Stamps O. K. on Private Still If Stuff Isn't Sold.

They were still hunting for the source of the home brew "jazz" at the Internal Revenue Bureau today, Commissioner Williams still is unable to find any record of a new home brew ruling.

The status of home brewing, it was authoritatively stated, is the same as when the Volstead law was enacted. The only change officially made since its enactment has been to tell enforcement officers that while home brewing is technically illegal, they should construe "liberally" all provisions relating to the making, within the home of wines or beers that are in fact non-alcoholic.

That's where home brew stands today. Home brewing, with no purpose to manufacture for sale, is not to be disturbed by enforcement agencies.

As for restricting the sale of malt, malt syrup, hops, yeast and other home brew ingredients, revenue officials realize this would be impossible by means of an administrative ruling.

## PACKERS' CONTROL BILL TO BE PUSHED IN SENATE

Important Conference on Measure Will Be Held This Week.

An important conference on the bill to control the packing industry will be held here Friday or Saturday of this week.

Senator Kendrick of Wyoming, co-author of the bill with Senator Kenyon, has wired that he will be here Friday and that he desires to confer with Senator Kenyon and other Senators prominent in advocating legislation.

At the conference, plans will be discussed for crowding the bill to passage in the Senate, where it is the unfinished business.

## SHORTAGE OVER, COAL MINES WILL CURTAIL

Lifting of the coal car priority orders for points west of the Mississippi River and curtailment of their effectiveness throughout the United States by the Interstate Commerce Commission marks the end of the coal shortage and at the same time may result in the slight curtailment of coal production.

Notwithstanding the complaints of public utilities throughout the Middle Atlantic States and in the Middle West that they do not have a sufficient coal reserve, the needs of building for materials and machinery to have additional cars for the movement of their product necessitated the releasing of more cars for this work, railroad men declare.

## U. S. RECEIVES TERMS OF ARMENIAN TRUCE

Armistice terms between the Turkish Nationalist forces and the Armenian government as received by the state department today are in substance as follows:

1. Armenian troops are to withdraw from the west bank of the Arps which they now occupy.
2. The Turkish forces, during the peace negotiations, will occupy Alexandropol and a territory within a radius of ten kilometers round about the city.
3. The Turkish forces are to give a guarantee to maintain order and preserve the individual safety of all persons in Alexandropol.

## U. S. OFFICIALS AT HAITI DENY MEDDLING CHARGE

The American minister to Haiti and the American financial adviser to that country never have attempted to influence or direct any legislation in that country except such measures as came under their direction under the terms of the treaty between Haiti and the United States, it was stated positively at the State Department today.

The statement was made in connection with charges attributed to President Dantiquene in an interview that American representatives had attempted to influence legislation.

## BERGER'S CASE SET FOR HEARING DECEMBER 6

The case against Victor G. Berger, charged with violating the Espionage act, has been set for hearing December 6 by the United States Supreme Court. Berger was convicted in the Federal court at Chicago, and is on bail pending decision of the appeal.

## SPECIAL "T. B." SERVICE.

Several of the largest general hospitals of the United States Public Health Service are being provided with special facilities for the diagnosis of tuberculosis and for the study of patients to determine which Public Health Service hospital is best suited to their needs.

## FIERY, ITCHING SKIN IS QUICKLY SOOTHED BY USING SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples; or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites at cause the burning, itching or disfigurement. Mentho-Sulphur always seals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.

# The PALAIS ROYAL

ESTAB. 1877 11th and G Streets

## \$15--Prize Dresses--\$15

# ELDERLY PEOPLE SHOULD START TAKING A GOOD TONIC NOW TO STRENGTHEN THEM FOR WINTER

Writer Says Old Folks Need Help of Tonic to Withstand Colds—Avoid Coughs—Bronchitis, Blood Troubles and Indigestion.

## TONIC HE RECOMMENDS HELPS STOMACH DIGEST HEAVY WINTER FOODS BETTER

Says Old and Young Should Eat Meats, Hot Cakes, Etc.

PROVES WHAT HE CLAIMS TRUE

It isn't as easy for old folks to change from summer foods to heavy heat-making foods like oat meal, hot cakes, pastries, meats, etc., as it was when they were young. Their digestion and appetite need stimulating in the fall. Their blood isn't as thick and vigorous as young folks—They need a tonic to enrich the blood so they can withstand cold, wet weather and keep warm. Their throats and lungs are not as good at warding off colds, coughs, etc., as in younger days—that is why so many take a tonic at this season.

Everybody, old and young, should go through this winter—hale, hearty and strong without an ache, pain, cough, cold or single day of sickness—and how thousands of elderly people do it is told below—there is no reason why anyone should not systematically start fortifying themselves in a modern, up-to-date way.

## TELLS WHAT TO DO.

Chemistry has taken many steps forward since days of old—they have succeeded in taking out the oily, nauseating taste—they have found just how much of each of the human system can be absorbed by the human system in one dose—they have blended in nice tasting doses more powerful and palatable nutrient, reconstructive principles, and with an eye to weakened stomachs of old folks have made it palatable and agreeable to the weakest stomach.

Druggists and chemists assert the new and more powerful tonic—"Earle's Hypo-Cod"—is the best yet. This pleasant tasting, quick acting, nutritive, digestive, alternative, reconstructive tonic contains extractives and peptones of cod liver oil or cod liver, enhanced medicinally by extract of malt, extract of wild cherry, hypophosphites of lime, potassium, manganese, iron, strychnine, quinine and sodium. The formula appears on the bottle. The iron therein is inorganic and readily assimilated by the blood.

Little wonder folks who formerly used only cod liver oil—or hypophosphites—or simply iron, have found Earle's Hypo-Cod so much more effective. The system can only absorb a certain quantity of any element—it is wiser to take the various elements instead of overdosing with a single medicine, in the writer's opinion.

In Earle's Hypo-Cod the chemist has given humanity a wonderfully effective tonic and most everyone past middle age needs it at this season of the year.

The testimony of several aged people proving how Hypo-Cod does the work appears in the articles on the right. Read them. The name Earle Chemical Company on the bottle is a guarantee of finest quality. Druggists, chemists, and thousands of users endorse it. Read what actual users say in the articles on the right—then drop in at the drug store tonight and get a bottle. Hypo-Cod builds you up quickly.

## MADE ME FEEL LIKE NEW MAN

It Makes You Eat, Sleep, and Feel Better All Over.

## KNOCKED OUT COUGH QUICKLY

"I had suffered from bronchitis for so long regardless of all the medicine I took that I was rundown and in bad shape all over. I would cough so much I couldn't get to sleep nights and whole system was in sympathy with it. I had got so far down hill I couldn't eat a decent meal and felt like loafing all the time.

"I had no 'pep' but I wish you could see the change Hypo-Cod has made in me," declared I. S. McDuffy, an old resident of Detroit, 1321 St. Antoine St.

"Right away I began picking up strength. My old appetite came back with a bang. The cough and bronchial trouble left my throat and hasn't showed up since. I started getting a good rest every night and I'm eating, sleeping and feeling fine all over," continued Mr. McDuffy.

Mrs. Emma Gardner, of Camden, N. J., recites an instance of what Hypo-Cod did for her aged uncle. She said "For fifteen years my uncle has had a cough which constantly grew worse. The past winter he became so bad he had to sleep in a chair. He became thin, cheeks all sunk in, doctors didn't help and he had to quit work. He was pale as a sheet. He had no appetite or strength at all but since he took Hypo-Cod is back to work. Looks fine and has gained weight, strength, appetite and health. It is wonderful," declared Mrs. Gardner.

Read what another user says in article on the right and below. Then get a bottle tonight, of Earle's Hypo-Cod.

## HOPE OF HEALTH GONE, AGED LADY IN DESPAIR

Bronchial Cough Kept Her Awake—Digestion Bad. Strength Gone.

## HYPO-COD GAVE ME HEALTH BACK

"God bless the man that made Hypo-Cod," fervently declared Mrs. A. N. Gibbs, whose address is given below. "Hypo-Cod did for me what nothing else would, and I had tried doctors and other remedies until I was giving up in despair. I knew it was hard for a person aged 67 to get any medicine strong enough to build them up, but Hypo-Cod does it and mighty quick too.

"I suffered from bronchitis for years I coughed all day and all night until I was a wreck and so weak and rundown I couldn't do much work. Not-

## I'M FEELING YOUNG AGAIN, SAYS OLD MAN

"Hypo-Cod Gave Me Back My 'Pep'—Pains Gone.

## BACKACHE GONE. FEEL STRONGER

"I have been sick every winter for years. I had a bronchial cough and my nerves were unstrung. I had backaches and felt worse than a man should feel at my age (63) so I went down to the drug store and bought a bottle of Earle's Hypo-Cod and the way that bottle built me up was so fine I set my store and friends I took four bottles and felt so good I want to pass the tip along to others. I wasn't sick last winter and I feel strong as ever. It is the real tonic all right and I recommend it," declared Patrick Flynn, 3147 N. 25th St. When a man like Mr. Flynn recommends a thing like the real tonic wasger his last penny that his suggestion is a good one. Read what another aged user says about it below.

## AT 74 SHE EATS PIE, MEAT, PASTRY—SLEEPS FINE—FEELS SPLENDID—PRAISES HYPO-COD

Stomach Gave Her Lots of Trouble—Was Weak, Couldn't Sleep.

## NEW TONIC MADE BIG CHANGE IN HER

"I suffered from indigestion and bloating after meals. It seemed as though everything I ate would form a lump in my stomach and I would be in misery for hours afterward and so I ate very little and sometimes would go for a whole day without eating. I haven't been able to touch my food since I started on Earle's Hypo-Cod. Read what another user says above and below this one. Then drop in at the drug store or send for a bottle of genuine Earle's Hypo-Cod. The name of the nationally known Earle's Chemical Co. on the bottle is a guarantee of finest quality. You'll be delighted.

So many elderly people have weak stomachs that it is hard to create a medicine to agree with them and at the same time be powerful enough to build them up. That perhaps is the one great secret of Earle's Hypo-Cod success. It does both and does it quickly. It helps digestion, improves the appetite, enriches the blood and builds up the whole system in a prompt efficacious manner according to the testimony of hundreds of old folks. Read what another user says above and below this one. Then drop in at the drug store or send for a bottle of genuine Earle's Hypo-Cod. The name of the nationally known Earle's Chemical Co. on the bottle is a guarantee of finest quality. You'll be delighted.

ing I took gave me strength and I wish I could tell how I suffered. Earle's Hypo-Cod, however, brought back my strength. It stopped that awful cough I had all those years and I sleep fine again, thank goodness. I tried different climates, and everything but Hypo-Cod was what gave me relief. I continued Mrs. A. N. Gibbs, 541 Liberty St., Niles, Ohio.

Shortness of breath, a wheezing, dryness in throat and lungs. Spasms of coughing on coming into warm close room like a church, or theater—are symptoms easily distinguished as among those who suffer from Hypo-Cod is highly recommended by users who have been quickly relieved. Read what another elderly user of Hypo-Cod says about the way Hypo-Cod puts you back on your feet in a hurry. Then drop in at the drug store and by trying a bottle or two yourself see how quickly it will do the work for you. It is pleasant and nice to take. You'll be delighted to see formula published in the article on the left.)
